SF Bk 1 English letter 178 – transcribed (by Brian Falk)

Nov 15th (18)94
Mr Chathaway
Apothecaries Hall

Dear Sir

An old friend of mine Mr (*nearly illegible*) *Daufgriger* was kind enough to give me your address. Could you make an analysis of an Incandescent mantle for gas, similar to those which are so intensively used for the Welsbach Incandescent Gas Light?

If I should be in your way I will be pleased to see you by appointment & show you the arti(*cle*).

Yours truly
