(note this date previously shown in index incorrectly as Dec 31st 1892 ... now corrected)

Mr Webb,

Croydon

Dear Sir,

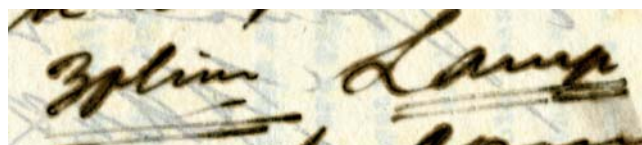

I received your ?*Speedxxx* but you did not return the top part (Lifter & Extinguisher) which you took away. Those I have have all springs & do not move the centre.

Please call tomorrow morning & bring your new Model with you. Before I have seen it & before I know whether it can be adapted to our 30 line Lamp (I) cannot commit myself. If I see that it is allright (*sic*) then, but not before, I may agree to your figures.

I am not here after 12pm, but I am back by 5.pm tomorrow, Wednesday evening. I leave here at 5 ½ o'clock

Yours truly

S Falk
